Age Trends

Age group most affected by COVID-19 in the past 14 days	Case Count
20-29 Years of Age	2,969
30-39 Years of Age	2,527

Local Vaccine Update

To date, the Jon Zon Center has administered approximately **16,000** vaccines to Greenfield and Franklin County residents by 5/8/2021.

Consent for vaccination for minors younger than 18: Vaccine providers are responsible for obtaining appropriate consent from patients before administering vaccines. For minors younger than 18 years of age, consent is obtained from a legally authorized representative on behalf of the child (usually a parent or guardian) by completing a written consent form that the minor can bring to their vaccination appointment. The parent or guardian does not need to go with the minor to their vaccination appointment to give consent. Currently, people younger than 18 can only get the Pfizer vaccine.

Face Coverings Order:

Effective April 30th, the Face Coverings Order will be relaxed for some outdoor settings.

Face coverings will only be required outside in public when it is not possible to socially distance, and at other times required by sector-specific guidance.
